

INDEPENDENCE DAY MESSAGE

Dragon Warriors,

The 4th of July 1776 was a significant moment in the storied history of our great nation. Each year, on this day, we commemorate our founding fathers' signatures on the Declaration of Independence; reminding us not to take our freedom for granted.

As members of the U.S. Army it is a day of great pride, reflection and patriotism for everything we stand for as a nation. Your selfless service each day preserves our way of life and allows U.S. citizens unprecedented freedom to choose.

This 4th of July, as you spend quality time with family and friends here in Europe or abroad, remember leader accountability is both an individual and professional responsibility.

Whether you are a Soldier, Civilian, or Family member, never underestimate the significant role you play in protecting our way of life as a valued member of the Signal Regiment. On this Independence Day, and every day, I am proud to have each and every one of you on our winning team. Your sacrifice and dedication mean a great deal to me.

Dianne and I sincerely wish you and your family a safe and happy Fourth of July.

Please take a moment to let us know what you are most proud of as an American.

Dragon Warriors, Dragon Standards!

A handwritten signature in black ink, appearing to read "Tom", with a stylized flourish extending to the left.
